

New IT operating model for Digital Transformation

PN Narayanan Chief Information Officer

Joe Torsella, State Treasurer

5/8/2018

Transformation happens all the time.

Digital Transformation is not about Technology, it is about transforming information into valuable knowledge.

Technology is only a catalyst for its rapid pace.

It's funny we don't like change

"My profession has probably been transformed again just since we started this session."

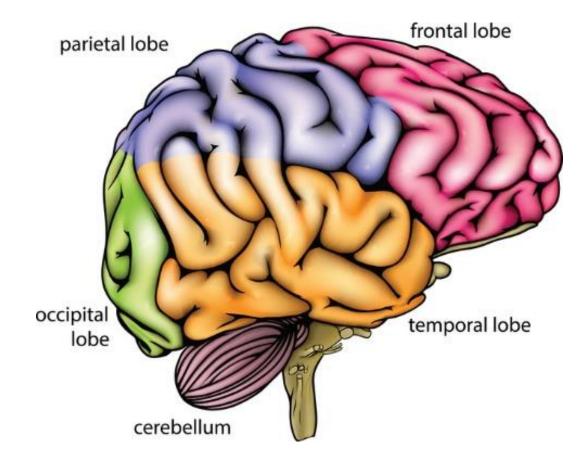

We are programmed....

Joe Torsella, State Treasurer

⁵ We are a slave to our master

Joe Torsella, State Treasurer

Everyone is trying...

Presenter: PN Narayanan

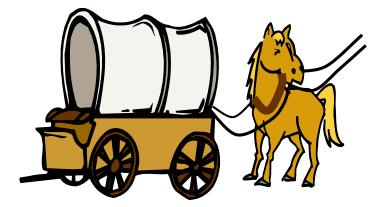

It is a rush hour!

Agile

Design Thinking...

What will be useful to the customer?

FMPATHI7F

- What are the constraints of the current solutions available?
- How can it be unique?
- Why should we pursue this project?

 Develop a solution that is unique, first in the nation and strategic in nature to address the Commonwealth's expenditure, revenue and Treasury funds data transparency.

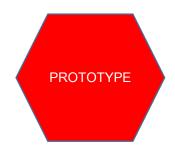

IDEATE

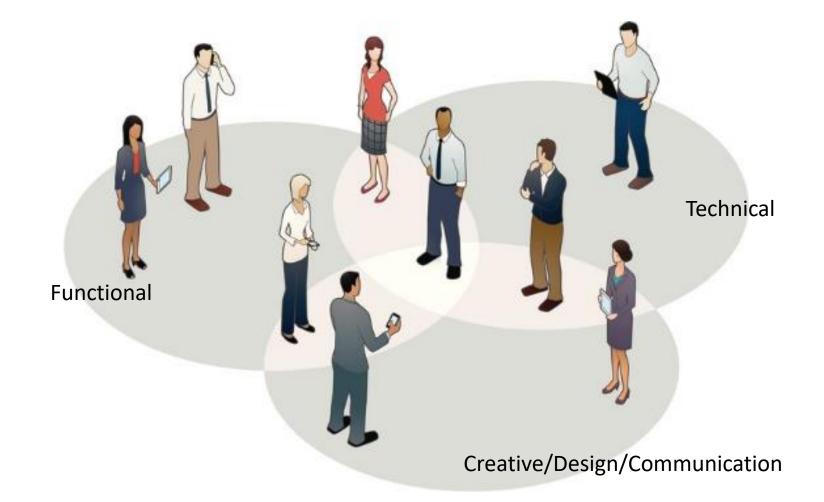

- Ensure it is diverse
- Write down all ideas irrespective of its merit and complexity
- At the end, identify the top 3-5 and prioritize.

- Following agile, developed sprint cycle for the prototype.
- Develop, test, approve, reject or modify designs by sharing it with key stakeholders

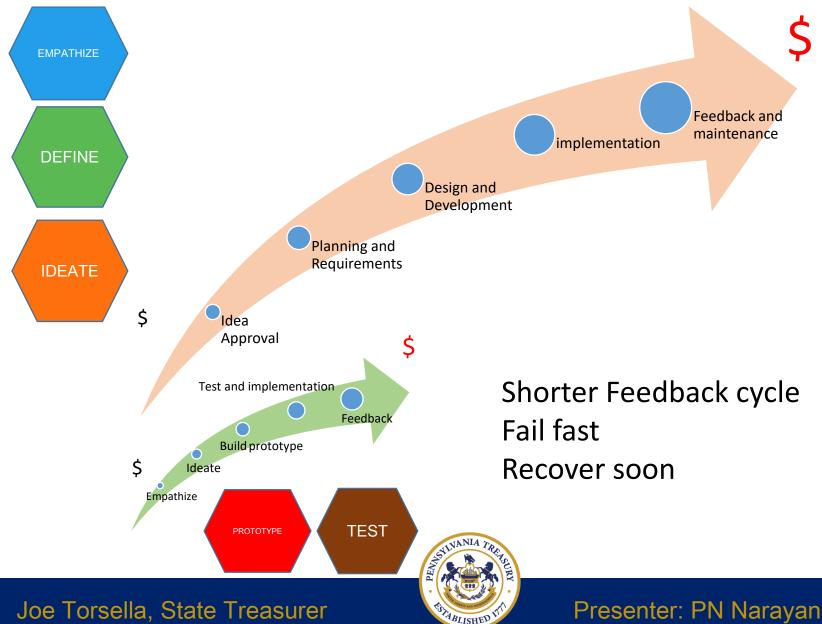

¹⁵ Project Team

New Model.... 16

17 Multiple Sprints

AGILE

Joe Torsella, State Treasurer

18 TEST

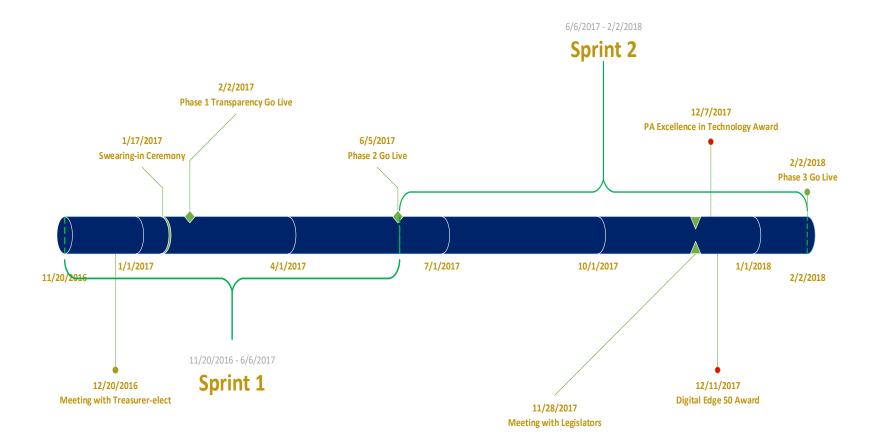

TEST

Test, refine and release

- Test, Test, Test
- An iterative process
- Make refinements to rule out bugs in the solution and gain deep understanding of the product and its users.
- Release and receive feedback to start the cycle once more with another sprint.

¹⁹ Timeline

Joe Torsella, State Treasurer

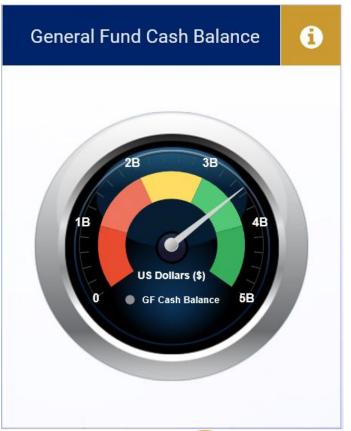

²⁰ Treasury success story

- Customer don't know what they want until they see it....
- Different mind set to become agile
- Start from the top
- Think out of the box
- Keep it simple-Make it Easy

²¹ Treasury Transparency Program

For the first time in the nation, citizens can monitor daily balance of Commonwealth General Fund.

Joe Torsella, State Treasurer

²² Recognition

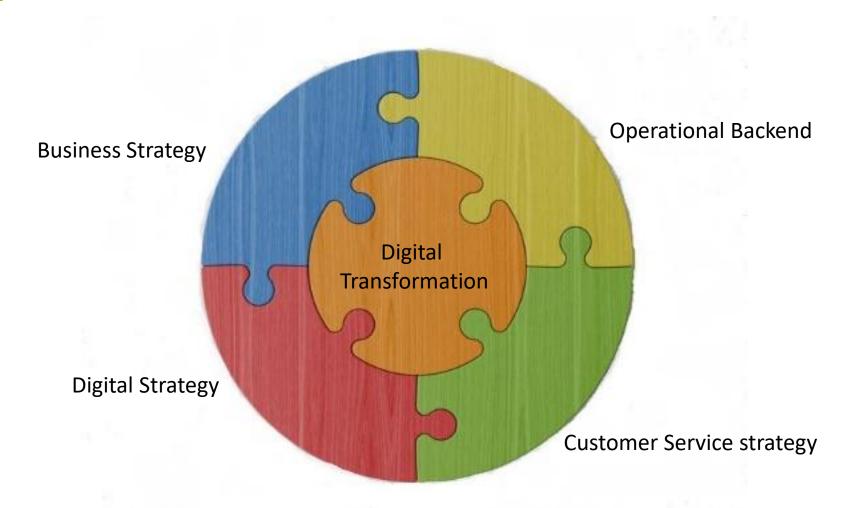

The Digital Edge 50 Award recognizes a select group of digital achievers whose organizations have made great strides toward being a digital-centric business.
