

MODERNIZING CAMPUS OPERATIONS

Drive institutional success by gaining complete control over how content and data is captured, processed and distributed.

DOCUMENT MANAGEMENT

Store and organize all campus documents in a single, secure repository. Students and employees can search, review and edit documents while tightly controlled security limits access with an extensive audit trail.

UNLIMITED ESIGNATURES & EFORMS

Federally-compliant digital signature collection while drastically reducing costs with Softdocs' unlimited signature model. Staff can automatically initiate signature requests and routing for students, parents, and staff. Create, edit and route electronic forms from any device.

WORKFLOW AUTOMATION

Flow allows users to build, configure, and automate workflows in minutes for simple and complex business processes. Includes configurable alerts, audit history, real-time reporting, and drag-and-drop controls.

PRINT CUSTOMIZATION

Customize print jobs with logos, watermarks, signatures, and MICR bank information – all prepopulated with data from your ERP/SIS for common payroll documents, purchase orders, and check creation.

SNAPSHOT OF CURRENT CLIENTS

Softdocs has enabled institutions across the Northeast to modernize campus operations and drive institutional success.
