

TECHNOLOGY REDEFINES

how you serve your constituents

Be Ready For What's Next

Comcast Business offers secure networking solutions that can help you:

Modernize
your technology

Accelerate
innovation

Simplify
your architecture

Protect
against cyberthreats

Migrate
to the cloud

Network Investment

At Comcast, we strive to continuously improve our network to make it faster and more reliable than before.

- Nation's **largest** converged IP broadband network
- **10M+** homes and businesses with speeds faster than a gig
- **24/7** network monitoring
- **700K+** network diagnostic speed tests performed most days
- **Fortune 50 company** with a strong ecosystem (Xfinity, Sky, NBCUniversal)
- **\$20B+** in investments to evolve and grow our network over the last 5 years
- **50K** new route miles of fiber built into our network over the last 5 years

Our Commitment to Your Community

Comcast supports positive change and digital equity within the communities we serve.

Internet Essentials, the nation's largest and most comprehensive broadband adoption program, has connected 10 million people to the Internet at home over the past 10 years.

Millions in **Comcast RISE** grants have provided monetary, marketing and technology assistance to help thousands of businesses owned by women and people of color.

Over 1,000 **Lift Zones** in community centers nationwide provide free WiFi solutions to support access to broadband in low-income neighborhoods.
