

Empowering Government Agencies with Secure, Compliant and Mission-Driven Technology

Digital, Data, and Engineering Excellence for the Public Sector

About Infojini

A Trusted Partner for Powering Government-Led Digital and Technology Initiatives

Founded in 2006, Infojini Inc. is a proven technology consulting and solutions partner supporting federal, state, and local government agencies in delivering secure, reliable, and citizen-focused digital services. With nearly two decades of experience, we help public sector organizations modernize legacy systems, strengthen data foundations, and improve service delivery at scale, while meeting strict regulatory, security, and compliance requirements.
